Elder Richard G. Scott, a member of the Quorum of the Twelve:

"The Lord is intent on your personal growth and development. That progress is accelerated when you willingly allow Him to lead you through every growth experience you encounter, whether initially it be to your individual liking or not. When you trust in the Lord, when you are willing to let your heart and your mind be centered in His will, when you ask to be led by the Spirit to do His will, you are assured of the greatest happiness along the way and the most fulfilling attainment from this mortal experience. If you question everything you are asked to do, or dig in your heels at every unpleasant challenge, you make it harder for the Lord to bless you." [Ensign, May 1996, p. 25]
